

Verification statement

DEKRA Certification GmbH verified the greenhouse gas statement at organizational level on 14.08.2025 from

Faber Beheer B.V.

Prinses Beatrixstraat 35,

4024 HL Eck en Wiel

for the reporting period 01.01.2024 to 31.12.2024.

We confirm that, based on the verification procedure carried out, there was no evidence to suggest that the greenhouse gas statement for the period specified in the greenhouse gas report described was misrepresented in accordance with the criteria set out in ISO 14064-1:2019.

The verification of the greenhouse gas statement was carried out in accordance with the requirements of ISO 14064-3:2019 and with limited assurance. The nature, timing and scope of the verification activities were less extensive than for a verification with sufficient assurance.

Within the reporting boundaries, the quantified greenhouse gas emissions are confirmed in the following categories:

Total greenhouse gas emissions	125.609	t CO2-equivalents
Direct GHG emissions	797	t CO2-equivalents
Removal of direct GHG emissions	0	t CO2-equivalents
Indirect GHG emissions from imported energy	108	t CO2-equivalents
Indirect GHG emissions from transportation	60.732	t CO2-equivalents
Indirect GHG emissions from products used by organization	56.372	t CO2-equivalents
Indirect GHG emissions associated with the use of products from the organization	7.599	t CO2-equivalents
Indirect GHG emissions from other sources	<1	t CO2-equivalents

Agreed Level of assurance

reasonable

Materiality thresholds

2 %

This verification statement is only valid in conjunction with the organizational and reporting boundaries specified in verification report no. A25041528, the objectives and criteria for the assessment, and our conclusions.

Verification registration number: 1010825-003

Dr. Rolf Krökel

DEKRA Certification GmbH, Stuttgart, 20.08.2025
